SkyWest, Inc. Promotes Justin Esplin to Director – Application Development

For Immediate Release

ST. GEORGE, April 14, 2008 – SkyWest, Inc. (NASDAQ: SKYW), is pleased to name Justin Esplin director of application development. Esplin replaces Duane Tanner, who retired earlier this month. In his new role, Esplin will oversee the development, acquisition and implementation of application software and systems for Atlantic Southeast Airlines (ASA) and SkyWest Airlines. He will report to Jim Jensen, vice president – information technology.

“Justin has created and supported some of our most critical operational systems,” said Jensen. “He brings tremendous knowledge and experience to his expanded role.”

Esplin began his SkyWest career in 2001 as a software developer and most recently held the position of senior software engineer. Esplin previously worked as manager of software development for a major technology outsourcing firm. He holds a bachelor’s degree in computer engineering from Brigham Young University. He and his wife, Allison, reside in St. George, Utah with their three children.

SkyWest Airlines, based in St. George, Utah, and ASA, based in Atlanta, Georgia are wholly-owned subsidiaries of SkyWest. SkyWest Airlines operates as United Express, Delta Connection and Midwest Connect carriers under contractual agreements with United Airlines, Delta Air Lines and Midwest Airlines. ASA operates as a Delta Connection carrier under a contractual agreement with Delta Air Lines. System-wide, SkyWest serves a total of approximately 283 cities in the United States, Canada, Mexico and the Caribbean, with approximately 2,585 daily departures. This press release and additional information regarding SkyWest can be accessed at www.skywest.com.
